

Gender Sensitization Action Plan (2021-22)

The action plan for 2021-22 focuses on encouraging and raising awareness among female students while addressing gender grievances and promoting gender equity. The college aims to empower women and promote gender equality, fostering a positive change in attitudes and supporting equity within the institute and beyond.

The plan includes the following initiatives:

- Conduct regular meetings of the anti-ragging/Gender grievances redressal committees to monitor and evaluate gender equality within the institution.
- Organize awareness programs on gender equity through the Women Cell, aiming to encourage and raise awareness among female students.
- Improve restroom facilities for female students and staff, promoting a more supportive and comfortable environment.
- Collaborate between the gender grievance redressal cell and women cell to jointly organize impactful programs on gender-related issues.
- Arrange defence training programs by the NSS and NCC wing to empower female students with self-defence skills.
- Implement counselling and gender sensitization programs for students and staff to foster empathy and understanding.
- Promote inclusivity by inviting and honouring members of the gender minority community as chief guests, enabling direct learning from their life experiences and encouraging acceptance among the younger generation towards vulnerable sections.
